

For Immediate Release

Nationstar Mortgage Provides 2.4 Million Customers Access to FICO® Scores for Free

Dallas – December 22, 2015 – Nationstar Mortgage Holdings Inc. (NYSE: NSM) (“Nationstar”), a leading residential mortgage services provider, announced today that its customers now have access to their FICO® Scores for free on MyNationstar.com.

FICO® Scores will refresh every month on the website starting in January to help Nationstar customers stay on top of their credit health. Customers will also have access to Score Factors, a tool that outlines the activities that are influencing their score, provides educational information to understand their score and helps them guard against credit fraud and identity theft.

“We want to make the big financial decisions in life – such as buying a new home – less worrisome for our 2.4 million customers, and easy access to credit scores will empower them to make the right choices at the right time,” said Nationstar President and Chief Executive Officer Jay Bray. “Giving our customers access to their FICO® Scores provides them with the same credit score information that we and most lenders use, and we’re excited to offer this free resource as we work to keep the dream of home ownership alive for each and every one of our customers.”

Access to FICO® Scores is one of several features customers will find on MyNationstar.com, including options for automatic payments and paperless notices.

About Nationstar Mortgage

Based in Dallas, Texas, Nationstar earns fees through the delivery of quality servicing, origination and transaction based services related principally to single-family residences throughout the United States.
